Option
Include Palacios virtual machine monitor
Path to pre-built Palacios tree: ../palacios
Path to guest OS ISO image: ../palacios/utils/guest_creator/guest.iso
../palacios/utils/guest_creator/guest.iso
Path to guest OS ISO image (GUEST_OS_ISOIMAGE_PATH)
Path to an ISO image to link with the example user/hello_world
init task. The hello_world init task will use this ISO image
to spawn a guest OS virtual machine via Palacios.
